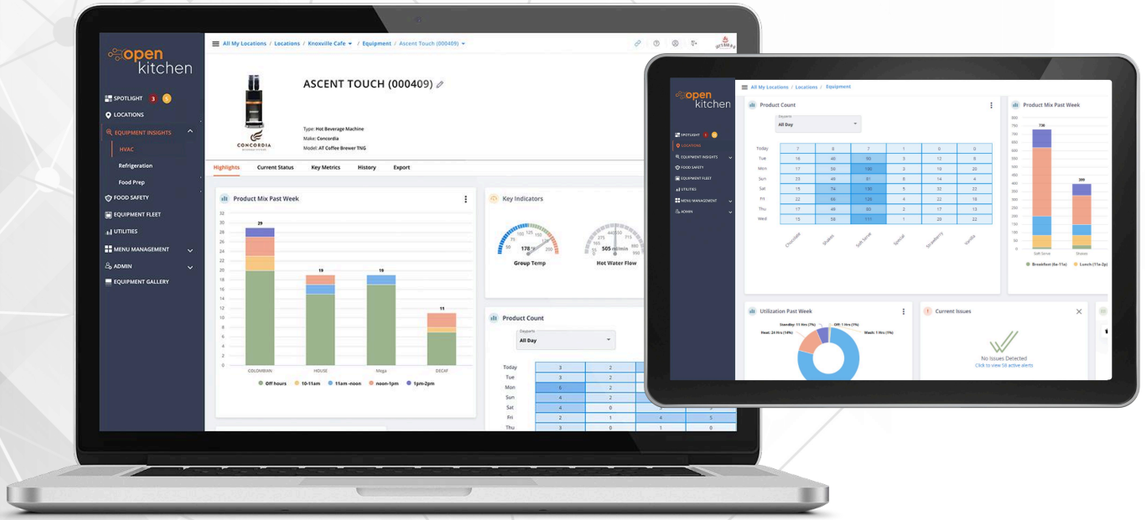
CONCORDIA
BEVERAGE SYSTEMS

Concordia coffee and hot beverage machines are designed to deliver consistent, high-quality drinks with speed and reliability. Open Kitchen helps operators monitor brewing performance, maintain precise temperatures, and track usage data to ensure every cup meets brand standards across all locations.



Remember to Include the Open Kitchen Bundle with Your Order!*

Purchase 1 year of Open Kitchen with your equipment by including the Open Kitchen bundle at checkout.

**Required for connectivity*

FEATURES

- Monitor brew temperatures, shot timing, and machine performance in real time to maintain consistent beverage quality.
- Track ingredient usage and machine cycles remotely, helping optimize inventory and reduce waste.
- Receive proactive maintenance alerts—such as grinder calibration or water line issues—to prevent downtime and protect beverage quality.
