SOUTHBEND

1898-2023

Southbend combines over a century of expertise with cutting-edge technology to deliver reliable, high-performance solutions for professional kitchens.

JANUARY 2025 EDITION

FOR AUTHORIZED DEALERS -TERMS are net 30, with approved credit. Products are shipped FOB Fuquay-Varina, North Carolina. All steam equipment - (for shipment outside the continental United States), is shipped FOB Toronto, Canada. Prices are subject to change without notice.

RETURNS*: Prior authorization must be received in order to return merchandise. Credit will be issued for returned product less initial delivery freight cost. All authorized returns must be freight prepaid, and are subject to a 35% restocking charge. All authorized returns will be paid by credit memo. Refurbishing, if necessary, will be an additional charge and will be deducted from any credit that may be allowed. Items not stocked, specially configured or built to order do not qualify for return. Any specials that are authorized for return, may be subject for a fee beyond the standard restocking fee. Returns must be received at the assigned return address within sixty (60) days from authorization date. Southbend reserves the right to refuse or charge a 45% restocking fee on equipment returned without prior authorization.

*Custom options are non-refundable, non returnable items.

TITLE passes to the consignee when merchandise is accepted by the carrier, and thereafter travels at the risk of the purchaser. FOB Factory.

SUBSTITUTIONS in material or design will be made as needed, and may be done without notification when necessary. PLEASE SPECIFY (a) finish, (b) type of gas, (c) BTU content, (d) altitude (where applicable), or (e) voltage, (f) phase and (g) cycle when ordering.
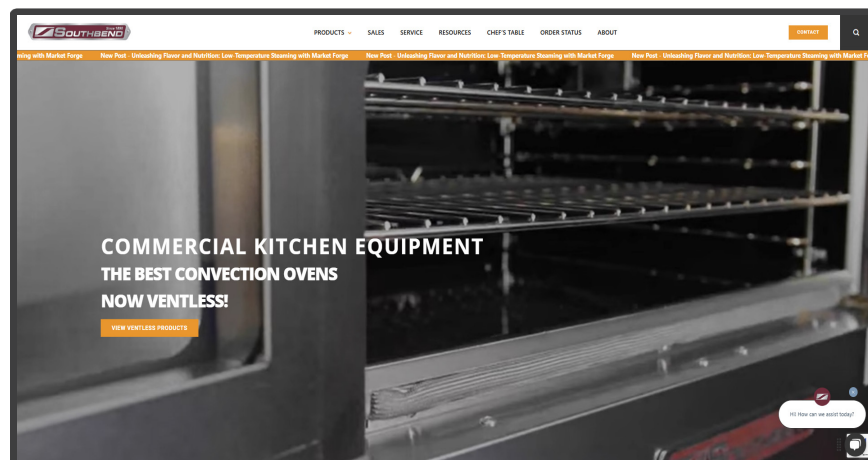

BATTERIES: To insure proper alignment and fillers, list battery alignment from **"left to right"** as you face the equipment lineup.

CHANGES: Additional costs incurred due to changes requested within two weeks of scheduled shipping date will be chargeable.

PRICES in this list are **limited to goods purchased and shipped in the United States.** Please apply to the factory or one of its export agents for quotations on merchandise to be shipped into other areas. All prices are in U.S. dollars. All prices are subject to change without prior notice.

PERFORMANCE CHECK: This is only done after the start up has been performed by the installer. This check includes a 15 point examination by the service agent to be sure the equipment has been installed and started up correctly. Available for all Southbend equipment, except S-Series ranges and Fryer Filtration Systems, within 50 miles of the nearest service agent.

Freight Information

**FREE FREIGHT
on orders of
$20,000 or more
total net**

Third Party Billing for Hawaii and Alaska

Freight Rates for orders under $20,000

$0 - $19,999.99 - 3% of total order

FREIGHT DAMAGE: **DO NOT SIGN** for equipment until you have thoroughly inspected it for obvious or concealed freight damage. Once signed for, the customer takes full responsibility for the shipment. We can, however, assist the customer if a freight claim is needed.

Notes: Rates ONLY apply if:
1. Freight ships from Southbend warehouse location.
2. Southbend chooses freight carrier.

Additional Charges
Lift Gate Delivery = $150.00
All other requests, call for pricing.

Freight Classification
The bulk of Southbend commercial equipment is rated 92.5.

Special configurations or non-standard crating may add to the classification.

Rate classifications are subject to change without notice.

Platinum Series
Heavy Duty Sectional

Engineered for the rigors of high volume kitchens with virtually unlimited designs to withstand the weight of large stock pots and the abuses seen in modern kitchens. With thousands of configurations to choose from, Southbend can help you deliver your promise to your customers.

STANDARD PLATINUM SERIES FEATURES:

- 100% Stainless Steel Construction

- WATER RESISTANT Welded Control Panels and Construction

- Ranges can be mounted on Counter, Cabinet, Standard Oven, Convection Oven, TruVection, Refrigerated or Freezer Bases

- FRONT and REAR Gas Connections

- Unique Dual Radiant Low Profile Charbroiler

- PATENTED Heat Bank Griddle Design

- Stainless Steel Cabinet with Removable Doors

- 5" Flue Riser

- Heavy-Duty Solid Stainless Steel Removable Shelf Standard with Shelf Risers

- Porcelain Oven Interior with Optional Stainless Steel Interior

- PATENTED On/Off Convection Oven Fan Controls

- 550⁰F oven with standing pilot on ALL Standard and Convection Oven Bases. Electronic ignition available in lieu of standing pilot at no charge.

- PATENTED 35,000 BTU Non-clogging Burners with Lifetime Warranty

- PATENTED 45,000 BTU Signature Pyromax Non-clogging Burners with Lifetime Warranty

- Removable Welded Steel Grates with Optional Cast Iron Grates Available

- One year Warranty on Operational Parts and one year Warranty on Labor

- One Year Warranty on Operational Parts and One Year Warranty on Labor for Island Suites and Waldorf Suites.

SALES ENGINEERING AND CUSTOM DESIGNS

Platinum is a premier cooking line that can be designed to meet the needs of any kitchen. To help our customers receive their ideal cooking system, Southbend's Sales Engineering and Customs Department will assist every step of the way. To ensure a successful delivery of the Platinum Cooking System, Southbend offers the Battery Assistance Program at NO CHARGE.

- Provide you with a Plan, Elevation and Isometric drawings of the battery.
- Assemble the battery at our facility per approved engineering drawings.
- Label the sections with color-coded tape before breaking down the battery. This will show where each piece was installed in the battery and will make for an easier and more timely installation.
- Take digital pictures of the battery and send to customer.
- Mark shipping crates on two sides with Item Number, Model, Battery Number, and Kitchen.
- Ship units in assembled sections or blocks for ease of installation. When possible; risers, shelves and/or compact broilers will be mounted.
- Project Manager specific to your order.
- OEM components and custom fabrication.
- Installation and follow-up support.

Quote includes Plan, Elevation and Isometric drawings of the battery.

CREATING TODAY'S COOKING SOLUTIONS

Platinum Series Sectional offers virtually an unlimited number of designs and configuration to fit any kitchen's need. Offering thousands of possible combinations, as well as options and accessories, personalizing your kitchen is up to you. You can choose from open top burners to griddles, charbroilers, planchas, and hot tops, in a variety of sizes and combinations. Building the perfect complement is limitless. With a vast array of models to choose from, Southbend has created a model naming system to simplify the selections in designing your optimal kitchen equipment layout.

Note: In the model number: "D" specifies standard oven and "A" specifies convection oven. "T" specifies TruVection base.

Uniform and Graduated Hot Top

Graduated Hot Top
- 62,000 BTU burner
- Hi/Lo control setting
- Center operates at 1000^0F
- Battery spark ignition
- Stainless steel construction standard

Uniform Hot Top
- 40,000 BTU burners every 16" *(16" and 32" units)*
- 32,000 BTU burners every 12" *(12", 24", 36" and 48" units)*
- Dual controls
- Battery spark ignition
- Stainless steel construction standard

P36A-GRAD
w/ optional casters & flue riser

P36D-FF
w/ optional casters & flue riser

Hot Tops - Standard with battery spark ignition

P36C-SSS	36"	cabinet	260 (117)	36"x41"x37.5"

"T" gas connection for utility cabinet includes 1-1/4" regulator and shut-off...........................$4,353
For special size spreader cabinets, up to 72" wide, use price of next largest size and add $926
Example: A 8"W spreader cabinet with a cabinet base would be model number P8C-S. (The price of P8C-S would be equal to P12C-S plus $926).

Custom size spreader cabinets require additional lead times. Please contact customer service, 919-762-1000. 8" minimum width.

Support and Caster Frames

Model Number		Width	Weight
Caster Frames for Oven/Cabinet Base			
PCF48		48"	90 (41)
PCF64		64"	142 (65)
PCF72		72"	165 (75)
PCF80		80"	174 (79)
PCF96		96"	210 (95)
For special size frames, up to 96" wide: use price of next largest and add $545			
28" High Stands for Modular Units			
NO SHELF	WITH SHELF		
PL24	PL/24	24"	88 (40)
PL32	PL/32	32"	94 (43)
PL36	PL/36	36"	150 (69)
PL48	PL/48	48"	198 (91)
PL60	PL/60	60"	210 (95)
PL64	PL/64	64"	222 (100)
PL72	PL/72	72"	245 (112)
Casters for Modular Stands			
24", 32", 36", 48"			
60", 64", 72"			

Caster frame will add 1" to working height of supported units. Custom support and caster frames require additional lead times. Please contact customer service.

Flue Risers

Model Number	Width	Weight	Dimension WxH
\multicolumn{4}{c}{5" Flue Risers - Standard (excluding fryers)}
\multicolumn{4}{l}{24" High Flue Risers}

Broilers

Southbend has over 115 years of experience in this industry. That experience is best illustrated with our broilers, an industry standard for over 40 years which can be found in some of the finest and most prestigious restaurants and steakhouses in the world.

In the hectic environment of today's steakhouses, you need three things from your equipment: speed, consistency and durability. We offer some of the hottest broilers in the market. Our higher BTU's from our infrared or radiant broilers offer an unparalleled evenness of cooking.

Our heavy-duty construction can take whatever your kitchen dishes out. A hand built stainless steel frame construction is durable enough to take the punishing demands of a busy restaurant, night after night.

Our new electric broilers are equipped with high-tech features that make cooking a breeze. Electric cooking has the ability to reduce carbon emissions by 75% or more over gas appliances.

Effective 01/01/2025

Upright Broilers

270
w/ optional casters

Standard Features

- Available in Radiant, Infrared, and Electric
- Burner tile guard
- Stainless steel front, top and sides
- Highest capacity in smallest footprint
- Round grids - great for meat marking
- Removable grids for easy cleaning
- Power blower - gas models
- Removable grease drawer
- Washable stainless steel air filters and grease filtration system
- 3/4" rear gas connection - Sectional Match units have a 1" rear gas connection and a 1-1/4" front gas manifold
- Available in single and double decks
- Available with warming ovens or can be mounted on Standard and Convection Oven bases
- * See specification sheet for installation details

Electric Upright Broilers

Our new electric broilers are equipped with high-tech features that make cooking a breeze. Electric cooking has the ability to reduce carbon emissions by 75% or more over gas appliances. This electric broiler allows you to cook steaks and burgers while reducing your carbon footprint, without sacrificing food quality or control.

WHAT YOU'LL LOVE:
- 1000°F Top Rack Position Temp
- Increased Energy Efficiency
- No Flare-ups - No Fumes
- Same footprint, Same Capacity as Gas Models

E-170
(Single Deck)

E-270
(Double Deck)

Standard Features

• Stainless steel front, sides and back panel

• 12 kW ceramic infrared heating elements - per rack

• 30 minute preheat with no waiting between loads

• Rugged grid height adjustment mechanism with five positions

• Roll-out broiling area is 24-1/2" wide and 27-1/2" deep, with a reduced heat holding area in the front 3"

• Fully insulated lining and burner boxes

• Removable grids with a round pattern for branding

• 6" adjustable stainless steel legs

• Model E-171 has a warming oven that is heated by 3,000 watt heating element.

Upright Radiant Broilers - Sectional Match

Our Sectional-Match Radiant Broiler is designed for searing a diverse range of product from chicken to seafood and steaks in the broiler deck and finishing, carrying over to the final temp or basting in the warming oven.

P32D-3240

Standard Features

- Warming oven -heated by broiler flue gases (25" wide x 25" deep)
- 110,000 BTU NAT (90,000 BTU LP) two broiler burners with separate controls
- 15 minute preheat
- Removable drip drawer
- Rugged grid height adjustment mechanism with four positions
- Fully insulated lining and burner boxes
- Broiler grid is 24-1/2" wide and 28" deep - easily rolls out 17-1/4"
- 1-1/4" font manifold and rear gas connection standard
- Stainless steel front, sides and back
- 6" adjustable stainless steel legs

Oven Base Features

- 45,000 BTU NAT/LP oven with electronic pilot ignition
- "Insta-On" thermostat ranging from 175°F to 550°F
- Cool-to-the-touch handle
- Porcelain enamel interior
- 2 oven racks with Standard Oven and 3 racks with Convection Oven
- Standard oven interior is large enough to fit 26" x 26" sheet pan either way
- Convection oven models have 1/2hp, two speed blower
- NEMA 4 water resistant controls

Cabinet Base Features

- Stainless steel cabinets with dual side by side removable doors

Upright Radiant Broilers - Sectional Match

What is a Salamander?

An overfired broiler designed to broil food directly on the adjustable cooking rack.

What are Infrared and Radiant burners?

Infrared burners are an intense heat source that uses infrared light from gas burners to broil food.

Radiant Burners are an enveloping heat source that uses steel radiant's to radiate heat and broil the food.

Standard Features

- Broilers available in 32", 36", and 48"
- Cheesemelters available in 24", 32", 36", 48", 60" and 72"
- Dual valve control for left and right operation
- 40,000 BTU on the 32" and 36", and 60,000 BTU on the 48" and 60", and 80,000 BTU on the 72"
- Larger broiling surface (30" x 14" = 416 sq.in. broiling area)
- Counter balanced rack system
- Easy glide rack mechanism
- Heavy-duty, chrome plated handle
- Removable broiling racks
- Smooth design - no exposed fasteners
- No charge flue riser mount kit with factory interpiping when purchased with a range

Extra chrome plated racks (72" units)

* Broilers and Cheesemelter can be mounted on various sizes of flue risers.

Restaurant Ranges

For the ultimate in configurability, durability and performance; nothing compares to the unbeatable value of a Southbend restaurant grade range

The Electric Range is available in several configurations to accommodate any kitchen. Standard , Convection, and TruVection base are available.

The Ultimate Range is 100% made in the USA! Available in 5 sizes and over 2,000 configurations, the Ultimate Range is manufactured with an unprecedented fully stainless steel burner box.   Higher BTU's and High Efficiency Snap Action Thermostat make it easy to handle any specific cooking and baking need.

The S-Series restaurant range offers a quality, versatile range for commercial foodservice applications. 24", 36", 48", and 60" widths and a number of top configurations are available. Configurations include combinations of open burners, griddles and hot tops.

Heavy Duty Electric Range

Available with a TruVection Base!

SE36A-TTT
w/ optional casters

SE36T-BBB
w/ optional casters

Standard Features
- Stainless steel front, sides and top
- Hatchable to pass through 26" opening
- Includes 6" NSF listed legs
- Front serviceable
- 36" cooking height

Additional features of models with convection oven:
- Includes three oven racks
- Stainless steel oven and door liner
- Vented, air cooled motor

Additional features of models with standard oven:
- Includes one oven rack
- Aluminized steel oven liner
- Stainless steel door liners

The Ultimate Series - Charbroilers Tops

4361D-2CR
w/ optional casters

Standard Features
- 32,000 BTU per foot
- Stainless steel tube burner and radiant fins
- Uniform cast iron waffle grates
- Dual branding cast iron grates (flat or inclined)

w/ optional stand and casters

Standard Features

- 20,000 BTU (NAT or LP) stainless steel burner per 6"
- Stainless steel front and sides with reinforced, insulated walls
- Cast iron radiants and ceramic briquette units available - field convertible with no special tools required
- Integrated 4" high splash guards standard
- Two-position, two sided cooking grids for wide or narrow branding
- Large capacity grease drawer. (1 for 24"-48", 2 for 60")
- Can be operated with or without legs

All Terrain Oven

PCG50S/SDAT
All Terrain

Standard Features

- 54,000 BTU (LP) Standard depth
- Single deck convection oven is 55-1/4" in height
- Patented "plug-in, plug-out" control panel - easy to service
- Slide out control panel for full view servicing
- Stainless steel front, sides and top
- Full stainless steel dependent doors (Full 180° opening)
- Transportation door locks (Pad lock not included)
- Fully enclosed stainless steel rear jacket for transportation protection
- Heat keeping dual door seal system
- Top and bottom rear covers for utility protection
- Coved, porcelain interior
- Stay cool heavy duty door handle
- Soft Air, two-speed, 1/2 hp fan motor
- Custom design rugged terrain tube chassis
- Integrated equipment shelf on tube chassis
- 11-position rack guides and 5 plated oven racks
- Electronic ignition
- Forced cool down fan mode
- Oven "heat" light cycles with burners
- All Terrain 10" casters (1000 lbs maximum capacity) for easy transportation
- Interior oven lights
- One year parts and labor warranty

Catering/Outdoor Units

Southbend's Catering/Outdoor units are constructed with 100%* 316 low carbon stainless steel to withstand the outdoors, no matter what Mother Nature has to offer.

Heavy Duty Griddles
- 1" 316L stainless steel griddle plate
- 30,000 BTU (NAT or LP) burner per 12"
- Integrated 4" high splash guards standard

Heavy Duty Charbroilers
- 20,000 BTU (NAT or LP) stainless steel burner per 6"
- Stainless steel radiants
- Stainless steel rod grates
- Integrated 4" high splash guards standard
- Large capacity grease drawer

Heavy Duty Open Top
- Patented 33,000 BTU NAT (24,000 BTU LP) open top non-clogging burner
- Full width crumb tray
- Porcelain coated cast iron grate

Heavy Duty Infrared Broiler
- 52,000 BTU power induced ceramic burners
- 1,600° F tile temperatures
- High output with compact design

TruVection

The foodservice industry required a low profile, high performance convection oven design that can be used as a counter top application, stacked or range base while also allowing cook top creativity. The oven would be used in bakeries, restaurants, cafeterias and other facilities to support their demanding high volume food production necessary for profitability.

THE CHALLENGE
Traditional range based gas convection ovens incorporate an atmospheric, open port style burner with a centrifugal blower wheel to circulate heat throughout the cooking cavity. This design requires a longer cold start heating period, slower temperature recovery rates and possible nonuniform baking patterns due to cavity cold zones.

THE SOLUTION
TruVection met the challenge by offering a gas convection oven with a patented high efficiency inshot burner system providing fast cold starts and rapid cavity temperature recovery. Superior uniform baking performance is achieved via oven baffle technology that tempers the heated air when mixed with cooler cavity air.

THE PROMISE
Southbend is dedicated to providing high quality products that meet the increasing demands of commercial cooking equipment. TruVection is unmatched when performance and versatility are preferred.

TV - Series

TruVection - Low Profile Convection Oven

TVGS/32SC   TVGS/22SC

w/ optional casters

TVGS/12SC

Standard Features
- **PATENTED**, high efficiency, inshot burners
- Gas or Electric
- Available in standard depth only
- Single deck TruVection oven is 27-1/4" in height
- Dependent doors with windows
- Energy saving high efficiency glass windows
- Heat keeping dual door seal system
- Oven interior light
- Coved, porcelain interior
- Stay cool heavy-duty door handle
- 1/2 hp two-speed fan motor
- 5-position rack guides and 3 chrome plated oven racks
- Electronic ignition
- Cool down fan mode
- Oven "ready" indicator light
- Can stack up to 3 units
- Platinum modular equipment or Heavy Duty Counterline units can sit on single deck. Overhanging units require an additional low boy cabinet(See page 17 for pricing).

12" legs (single deck only)
Stainless steel legs (26" for single deck / 6" for double deck)
6" Casters
4" Casters
Roller bearing rack (only available on the bottom rack)
Marine edge top for 36" unit

Convection Ovens

At Southbend, we pride ourselves on being experts in the food service industry. We know how our customers work and what equipment works for them. Our convection ovens have all the features a busy kitchen needs from the inside out.

The overall measure of any oven is the evenness of cooking. Our convection oven features soft heat mixing zone technology that allows hot air to be mixed with cooler air to produce tempered air, ensuring even baking and cooking.

Our convection oven features patented high efficiency, non-clog inshot burners that utilize a horizontal flame like a jet engine. This burner system delivers up to 90,000 btu's and reduces overall oven height; making it one of the safest ovens in the industry.

We have redesigned our doors with a two stage sealing system with integrated door stop to eliminate seal bending and damage. It also features a thermal isolated door handle; making it cool to the touch for the operator. The door windows feature a larger fully insulated, factory sealed flat panel glass system that is grease vapor resistant for better viewing.

Inshot burners operate with the same concept as a jet engine. Each burner has a single large opening where the air and gas mix. This ensures consistent burn and eliminates the possibility of clogging.

Platinum
Series

Fully insulated factory sealed, flat panel glass system. Larger panels for better product viewing. Grease vapor resistant in between glass panels.

Two stage door sealing system with integrated door stop to eliminate seal bending/damage. 304 stainless spring steel gasket backed with a steel rope gasket on top and bottom.

A new thermal isolated phenolic/chrome handle and toggle point door closing system.

ENERGY STAR

Gas: PCG50S and PCG100S
Electric: PCE75S and PCE15S

NEW TOUCHSCREEN CONTROLS

- Available touch controls on ALL Models
- 3 Cooking Modes allow for more control and consistency in your bake
- Manually set time, temperature, and fan speed in manual mode
- Improve production with rack cooking mode.
- Increase consistency with recipe mode

Platinum PRO Series

Introducing the Southbend Platinum PRO Series Convection Ovens—the next evolution in commercial cooking. As the industry's first convection ovens to feature both wired and wireless probe technology, the Platinum PRO Series gives chefs unparalleled control and precision. Whether cooking by time or internal temperature, these ovens deliver consistent, reliable results every time. With advanced PROgrammable Controls, smart PRObe Cooking options, and PROfessional Results you can count on, Southbend is redefining what performance looks like in the modern kitchen.

Patented interchangeable control panels and upgrades

Standard Controls
Have two wired interior probes per oven cavity that allows for cooking by time or by temperature

Digital Touch Controls
Have two wired interior probes per oven cavity that allows for cooking by time or by temperature.

Can upgrade to two wireless probes per oven cavilty to add versitility, able to connect up to 30 feet away.

WIRED PROBES

WIRELESS PROBES

PROgrammable Controls

The Platinum PRO Series features state-of-the-art touchscreen controls that bring precision and efficiency to the forefront of your kitchen. These intuitive controls allow users to create, save, and recall custom cooking recipes with ease—streamlining operations and eliminating guesswork during busy service. Whether you're preparing the same item day after day or switching between seasonal menus, programmable settings ensure repeatable results with minimal training.

With the ability to cook by time, temperature, or a combination of both, the PRO Series adapts to your kitchen's specific needs. From low-and-slow baking to high-volume roasting, the flexibility built into the control system empowers chefs and kitchen staff to execute with confidence. These controls not only improve consistency but also reduce labor and prep time, making them a powerful asset for both experienced and new operators.

PRObe Cooking

The Platinum PRO Series breaks new ground as the first convection ovens in the industry to offer both wired and wireless probe cooking technology. This revolutionary feature gives operators complete control over internal product temperature, allowing for precise doneness across a wide variety of menu items. Whether you're monitoring a roast or a delicate protein, the real-time temperature feedback ensures perfect results—without constant checking or overcooking.

The wireless probe adds a new level of convenience and flexibility, eliminating cord clutter and allowing for smoother workflows in tight or high-traffic kitchens. Both probe types integrate seamlessly with the oven's programmable controls, so you can automatically stop cooking or initiate holding cycles when the target temperature is reached. It's a smarter, safer, and more efficient way to cook—giving you peace of mind and better food quality.

PROfessional Results

In high-volume, high-expectation environments, consistency is everything—and that's exactly what the Platinum PRO Series delivers. These ovens are engineered for performance, with powerful convection fans, even heat distribution, and fast recovery times to maintain ideal cooking conditions. Whether baking, roasting, or reheating, you'll get uniform results across every rack, every time.

But professional results go beyond performance—they're also about confidence, presentation, and reputation. The Platinum PRO Series helps you uphold the highest culinary standards, no matter your operation size. From restaurants and hotels to schools and healthcare facilities, these ovens produce food that looks better, tastes better, and meets the expectations of even the most discerning guests.

Platinum PRO Series

PCG180S/TD-PRO
w/ optional casters

ENERGY STAR

Gas: PCG50S and PCG100S

PCG90S/TD-PRO
w/ optional casters

Standard Features

- Available in single or double deck, standard or bakery depth - 50,000, 70,000, 90,000 BTU per oven
- 60/40 dependent doors or 50/50 Independent Doors
- Energy saving high efficiency glass windows
- Heat keeping dual door seal system
- Stay cool heavy-duty door handle
- Stainless steel front, top, sides, and legs
- Stainless steel rear jacket
- Oven interior coved corners and two interior lights
- Electronic ignition and flame failure safety device
- Single deck: 52" in height with legs, 55" with legs and casters
- Double deck: 64.8" in height - lowest in the industry*
- Unibody with solid frame construction
- Available in gas
- Available with a variety of **PATENTED**, interchangeable control panels
- Wired Interior Probes for cooking by time or temperature
- Slide out control panel for full view servicing
- Fully front serviceable

  * Height excludes gas vent

Platinum PRO Series

PCE22S/SD
w/ optional casters

ENERGY STAR

PCE75S/SD
w/ optional casters

Electric: PCE75S and PCE15S

Standard Features
- Available in single or double deck, standard or bakery depth - 7.5, 11, 15, 22 KW per oven
- 60/40 dependent doors or 50/50 independent doors
- Energy saving high efficiency glass windows
- Heat keeping dual door seal system
- Stay cool heavy-duty door handle
- Stainless steel front, top, sides, and legs
- Oven interior coved corners and two interior lights
- Electronic ignition and flame failure safety device
- Single deck: 52" in height with legs, 55" with legs and casters
- Double deck: 64.8" in height - lowest in the industry*
- Unibody with solid frame construction
- Available in electric
- Available with a variety of **PATENTED**, interchangeable control panels
- Wired Interior Probes for cooking by time or temperature
- Slide out control panel for full view servicing
- Fully front serviceable
  * Height excludes gas vent

Options and Accessories

Options and Accessories
Stainless Steel Exterior Bottom
208/240V 50/60 Cycle For Gas Units
High Voltage 380V,415V, or 480V For Electric Units
Export Packging

Prison/Correctional Options

A full line of cooking equipment designed to meet the special needs of correctional institutions.

- **Protects against tampering:** stops unauthorized changes in settings, fit or operation.
- **Deters vandalism:** stops intentional damage designed to disrupt operation or disable equipment.
- **Eliminates safety risks:** modified to include non-removable parts, shatterproof windows and equipment floor anchors.

Convections Ovens

Correctional fasteners $552

Door locking clasps (per oven cavity) $696

Secured light cover (per oven cavity) $150

Control panel cover (per oven cavity) $1,805

Expanded metal on flue/vent $552

Top and bottom enclosure for rear jacket (if applicable) $928

Restaurant Range

Correctional fasteners $531

Door locking clasp $531

Knob cover $1,325

Heavy Duty Counterline

Correctional fasteners $531

Knob cover $1,325

Platinum

Correctional fasteners $531

Door locking clasp $531

Knob cover $1,325

Control panel cover (oven base only) $531

Limited Warranty

Southbend warrants that the equipment, as supplied by the factory to the original purchasers, is free from defects in materials and workmanship. Should any part thereof become defective as a result of normal use within the period and limits defined below, then at the option of Southbend such parts will be repaired or replaced by Southbend or its Authorized Service Agency. This warranty is subject to the following conditions:

Repairs under this warranty are to be performed by a Southbend Authorized Service Agency. Southbend cannot be responsible for charges incurred or services performed by non-Southbend Authorized Agencies. In all cases, the closest Southbend Authorized Service Agency must be used.

TIME PERIOD:

One year labor, one year parts effective from the date of original purchase. The authorized service agency will require proof of purchase before performing warranty repairs.

Heavy Duty Sectional: One year on operational parts, one year labor.
Gold Convection Oven: One year on operational parts, one year labor.
Silverstar Convection Oven: One year on operational parts, one year labor.

Exceptions to standard warranty, effective within above limitations:

• Alkaline batteries are not covered under warranty.

• Maximum 90 days parts and labor warranty covers the following from date of installation: Glass windows due to defect, door seals, rubber seals, spark ignitors, and drip shields.

EXCLUSIONS:

• Equipment failure relating to improper installation. Examples are: improper utility connection, improper utilities supply and problems due to ventilation.

• Equipment that has not been properly maintained. Examples are: calibration of controls, adjustments to pilots and burners, damage from improper cleaning, and water damage to controls.

• Equipment that has not been used in an appropriate manner, or has been subject to misuse or misapplication, neglect, abuse, accident, damage during transit or delivery, fire, flood, riot, or act of mother nature.

If the equipment has been changed, altered, modified, or repaired by other than a qualified service technician during or after the limited warranty period, then the manufacturer shall not be liable for any damages to any person or to any property which may result from the use of the equipment thereafter.

Equipment failure caused by inadequate water quality is not covered under warranty. WATER QUALITY must not exceed the following limits: Total Dissolved Solids (TDS) - 60 PPM (Parts Per Million). Hardness - 2 Grains or 35 PPM, PH Factor - 7.0 to 7.5. Water pressure 30 PSI minimum, 60 PSI maximum. Boiler maintenance is the responsibility of the owner and is not covered by warranty.

Southbend does not assume any liability for extended delays in replacing or repairing any items in the equipment beyond the control of Southbend. "Southbend shall not be liable for consequential or special damages of any nature that may arise in connection with such product or part." Should service be required at times that normally involve premium labor rates, the owner shall be charged for the difference between normal service rates and such premium rates.

This warranty only covers products shipped into the 48 contiguous United States, Alaska, and Hawaii.

This equipment is intended for commercial use only. Warranty is void if the equipment is installed in other than commercial application.

Warranty on all replacement parts which are replaced in the field by Southbend Authorized

Limited Warranty

Service Agencies will be limited to three months on labor, and materials (parts) effective from the date of installation. See LIMITED WARRANTY - REPLACEMENT PARTS for conditions and limitations.

"THE FOREGOING WARRANTY IS IN LIEU OF ANY AND ALL OTHER WARRANTIES EXPRESSED OR IMPLIED INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS, AND CONSTITUTES THE ENTIRE LIABILITY OF SOUTHBEND. IN NO EVENT DOES THE LIMITED WARRANTY EXTEND BEYOND THE DURATION OF ONE YEAR FROM THE EFFECTIVE DATE OF SAID WARRANTY -EXCEPT WHERE NOTED."

WARRANTY: Southbend's warranty of products is limited to one year from date of purchase on both parts and labor. However, the warranty term shall not exceed 18 months from the date of purchase from the factory and installation of the product. Warranty coverage is limited to the continental United States and Canada. Southbend reserves the right to service equipment and or provide replacements on a prorated basis throughout the warranty term as deemed appropriate by Southbend. Any equipment removed from the operators facility without the written approval of Southbend prior is done so at the responsibility of the party doing so. Southbend will not accept any return or continue any repair unless written authorization is given prior to removal. Any party removing equipment does so at their own expense and liability. This warranty is as designated in Southbend's published Limited Warranty.

Warranty Disclaimer Statements

1.	**NON-Quarry Tile Floor Policy** – "If installing on any NON-Quarry Tile floor (flooring other than quarry tile, cement or natural stone), contact the factory for installation options as damage due to improper installation is not covered under warranty." – Applies to all Southbend equipment.

2.	**Cleaning Warning** – "DO NOT use sheet pans when cleaning charbroilers. Use of sheet pans reflects too much heat into a non-flued area and causes irreparable damage, warping components. Damage due to blocking the charbroiler grates with a sheet pan while the burners are turned on is not covered under warranty." – Applies to Southbend Ultimate and S Series Range, Platinum Range and HD Counterline.

3.	**Mileage Limit for Factory Performance Checks** – Equipment that qualifies for a free factory performance check will include labor and mileage charges up to 100 miles round trip (or 50 miles each way) from the authorized service agency office. Locations further than 50 miles from the agency office may be charged an excess mileage fee to cover the mileage cost above the 100 miles round trip limit.

ADDITIONAL 1 YEAR WARRANTY
NET PRICES
(Parts and Labor)

AN EXTENSION OF SOUTHBEND'S STANDARD WARRANTY MAY BE PURCHASED WITH NEW EQUIPMENT UP TO 60 DAYS AFTER THE ORIGINAL EQUIPMENT PURCHASE. EXTENDED WARRANTY DOES NOT AFFECT ITEMS WHICH HAVE LIMITATIONS OR EXTENDED PERIODS OF COVERAGE IN THE PUBLISHED SOUTHBEND LIMITED WARRANTY.

Minimum Advertised Price & Minimum Resale Internet Cart

MINIMUM ADVERTISED PRICE (MAP) POLICY
This Policy applies to all means of Advertised Pricing for all Middleby Commercial Foodservice Brands

The Middleby Corporation (hereinafter "the Corporation") is committed to supporting our Authorized Dealers and resellers selling the Corporation's products in or into the United States & Canada by continuing to provide high-quality, premium products for the foodservice industry while maintaining its brand equity and integrity. This Minimum Advertised Price Policy ("MAP POLICY") applies to ANY and ALL means of Advertised Pricing, to ANY and ALL customers, for the Commercial Foodservice Brands within the Corporation, as defined in Exhibit A. Advertising at a price below MAP will be considered a violation of this Policy. This MAP Policy will apply to any activity which the Corporation determines, in its sole and absolute discretion, is designed or intended to circumvent the intent of this MAP Policy.

- MAP Policy pricing is the Current List Price less a discount defined by Individual Brand (see Exhibit A). At a minimum, MAP would be rounded down to the nearest whole number. Certain products within a Brand's portfolio have specific MAP pricing (see Exhibit A) for pricing.

- If a Dealer offers or combines (i.e. "bundling") one or more products from a single or multiple brands of the Corporation in an advertisement, the aggregate price for all of the Corporation's products offered for sale in combination may not be lower than the cumulative MAP for each of the products when sold separately.

- At the Dealer's sole expense, the Dealer may offer or combine the following items of casters, warranty, or freight into their product's sell price, not to be below the product's MAP pricing.

The MAP Policy applies to any advertisements of the Corporation's products and designs in any and all media, including but not limited to, print advertising (e.g. magazines, catalogs, newspapers, posters, flyers and direct mail), e-mail and facsimile advertising (e.g. broadcast campaigns, flyers, coupons and similar inserts), internet or similar electronic media (e.g. Amazon, eBay, Google), Dealer websites, internet banner ads, social networks, social media blasts, search engine advertising and all other types of digital signage.

All internet advertised prices must show the product's "MAP" price or higher. Any communications stating or implying that a price below MAP may be found elsewhere on the site, that is initiated by the Dealer, would constitute advertising and would be deemed a violation of this MAP Policy. Dealers may not make any statements, displays, or communications that indicate, state, imply, or suggest that a lower price may be found at the online check out, including but not limited to: "Call for Pricing", "Chat for Pricing", "Text for Pricing", "Click for Pricing", "Email for Pricing", "Add to Cart for Pricing", "Mouse Over for Pricing", "Log In for Pricing", strike-through the price, or any of the like. This includes "shopping cart price", "chat box price" and "emailed price" that appear on the internet in any format on any Dealer's public internet website or public internet-based account, including internet search engine shopping feeds, are all subject to the Corporation MAP Policy. Website features such as automated "bounce-back" pricing emails, pre-formatted email responses, forms, automatic price display, loyalty and reward point systems and other similar features are considered "advertising" under this MAP Policy. Under this MAP Policy, the Corporation prohibits the use of split-screen, side-by-side advertising, or pop-ups to advertise a similar product of any other brand other than those that are manufactured by other brands within the Corporation. The Corporation prohibits any Dealer from redirecting (automatically, inadvertently or otherwise) a customer who is in search of a product of the Corporation or item number to any other Non Middleby brand.

No Dealer may advertise a product of the Corporation at a price in violation of this MAP Policy on any third-party platform such as Amazon, eBay, Google or any like platforms in which it may operate as a vendor or have a re-distributor operate on its behalf. No Dealer may advertise a price in violation of this MAP Policy in an effort to match or beat a competitor's price. It is a violation of the MAP Policy to advertise a price below MAP pricing, even if such advertised price was automatically or manually generated due to a MAP Policy violation by a vendor or competitor on another medium or platform.

From time to time, the Corporation may discontinue certain products or engage in promotions with respect to certain products. In such events, the Corporation reserves the right to modify or suspend the MAP Policy with respect to the affected products at its sole discretion. Such changes shall apply equally to all Authorized Dealers of the Corporation.

MINIMUM RESALE INTERNET CART PRICE (MRICP) POLICY

As Brand applicable, the Minimum Resale Internet Cart Price ("MRICP") applies to the final internet check out prices regardless of providing a customer "log in", membership, or similar (i.e., shopping cart prices, chat box prices, emailed prices, and prices on the internet website or search engines) of the Corporation's products. The Corporation requires that when Dealers sell select products (see Exhibit A) through internet sales that these products are subject to MRICP and are sold at a Brand defined discount (see Exhibit A) rounded down to the nearest whole number off the Current List Price. This MRICP Policy will apply to any activity which the Corporation determines, in its sole and absolute discretion, is designed or intended to circumvent the Intent of this MRICP Policy.

The MAP Policy and MRICP Policy apply only to advertised prices and do not apply to the price at which the products are actually sold or offered for sale to an individual customer at a Dealer's place of business, including contract negotiations, or negotiations in the field. The decision to implement and enforce the MAP Policy and MRICP Policy is solely to protect the Corporation's brands, reputation and competitiveness and the Authorized Dealers who promote and sell our products based on quantitative and qualitative factors.

POLICY VIOLATIONS
These MAP and MRICP Policies are not Intended as, nor are they to be construed as, an attempt by the Corporation to set advertised or resale prices or an agreement between the Corporation and any Authorized Dealer or other party. In addition, the Corporation will not accept any assurances of compliance with these MAP or MRICP Policies from any Authorized Dealer. Each Authorized dealer must independently choose whether to comply with the terms of these MAP and MRICP Policies. These MAP and MRICP Policies are not negotiable and will not be altered for any individual Authorized Dealer.

The Corporation, or its agent(s), will conduct a reasonable investigation in response to a suspected MAP and MRICP Policy violation. Failure to cooperate by any Authorized Dealer, including retaliatory actions by any Authorized Dealer with the Corporation's investigation will be considered an additional violation.

Failure to meet the terms and conditions of the MAP and MRICP Policies will result in full, unconditional enforcement of the penalties described below. The event of a violation will be determined solely by the Corporation.

Dealer will be subject to penalties (over a 12-month period) up to and including but not limited to:
* 1st violation: The Corporation at a minimum will issue an email communication to the non-compliant dealer requesting their compliance to the MAP and MRICP Policies. Failure to comply within 48 hours (2 days) or a repeated offense within a 30 day period will be considered a 2nd violation.

* 2nd violation: The Corporation at a minimum will issue an email notification to the non-compliant dealer, from the corporation or by the individual brand, requesting their compliance to the MAP and MRICP Policies and will hold all shipments from that Brand and or the Corporation, until all violations are resolved. Failure to comply within 48 hours (2 days) or a repeated offense within a 6 month period will be considered a 3rd violation.

* 3rd violation and each violation thereafter: The Corporation, or the brand, at a minimum will issue an email notification to the non-compliant dealer and applicable buying group as applicable requiring their compliance to the MAP and MRICP Policies and will result in (a) dealer's net pricing being increased to standard Brand market discount (see Exhibit A) off ALL Middleby Corporation Brands published List Price and (b) any and ALL available rebates, marketing incentives, or program dollars (accrued or due in total) will be forfeited. Failure to comply within 48 hours (2 days) or a repeated offense within a 12-month period, The Corporation at a minimum will issue an email notification to the non-compliant dealer and applicable buying group as applicable informing them of the a) indefinite suspension of their account with Middleby Corporation and b) permission to use the Corporation's brand trademarks, trade names, corporate logos, product images and product content will be indefinitely revoked. Reinstatement of the account, preferred pricing and applicable incentives or rebates may be re-evaluated by the Corporation in its sole discretion after 30 days.

DEALER ACCOUNTABILITY
In the case of a MAP or MRICP violation by a reseller who does not have an authorized relationship with the Corporation's brands and instead purchases the Corporation's products from an Authorized Dealer or any other reseller (i.e., dealer-to-dealer re-sale), the Corporation will pursue enforcement actions against the Authorized Dealer as provided above in these Policies.

OTHER PROVISIONS
These Policies are managed by the MAP/MRICP Policy Administrator for the Corporation. Only the MAP/MRICP Policy Administrator, Brand President, or Brand Vice President of Sales may provide direction to Dealers concerning compliance with the MAP and MRICP Policies. And ONLY the Brand President, Brand Vice President of Sales may authorize exceptions to the Policies. No other individuals, including any employee or representative of the Brands, may provide such direction or authorizations regarding these Policies to any Dealer. It is the Dealer's sole responsibility to remain aware of any changes to the Corporation's MAP and MRICP Policies.

The terms of the MAP and MRICP Policies are confidential and are not to be disclosed to other parties. The Corporation has adopted the MAP and MRICP Policies unilaterally in furtherance of its independent business strategy and reserves, at its sole discretion, the right to change the Policies and to interpret, enforce and otherwise handle all questions and issues related to the Policies.
