BRITANNIA REFRESH MAXI RECIRCULATION UNIT - W 1545 MM - 0.38 KW

MODEL: Y10010

AIA FILE NUMBER:

ITEM NUMBER:

UKFor use with multiple electric appliances up to 1500mm wide, the Refresh Maxi is ideal for locations where venting to the atmosphere would be impossible, difficult or costly. It provides a safer, more comfortable and productive working environment.

Refresh is a free-standing unit which can be installed quickly and easily, with minimal disruption. It comprises an extract housing, along with a top-mounted filtration section that houses a powerful, efficient fan unit. Air is drawn through the low level filter housing before passing through four filtration stages to remove grease, fine particles, smoke and odours.
