

THE PEOPLE HAVE SPOKEN

When it comes to performance and great value, nothing beats Globe's G-Series Slicers. Quality construction and reliable performance combine for a lower total life-cycle cost, making Globe's G-Series the #1 selling medium duty slicer line in North America.

Voted Best in Class by dealers, Globe backs its top-selling slicer with unbeatable after-sale support, and 2-year parts and labor warranty, putting all our customers on the top tier. It's no wonder the G-Series is the best in the business. After all, the customer *is* always right.

Check out what makes the G-Series slicers #1.

From the compact G10 to the powerful G14, GLOBE'S G-SERIES EDGES OUT THE COMPETITION

ADVANCED MEAT GRIP

End weight teeth hold product securely for consistent slices and better yield without damaging product

THUMB GUARD

Extended thumb guard offers more operator protection during operation

POWERFUL MOTOR

1/3 HP motor for G10 and 1/2 HP motor for G12, G12A & G14 provide long-lasting reliability

EXTENDED CARRIAGE

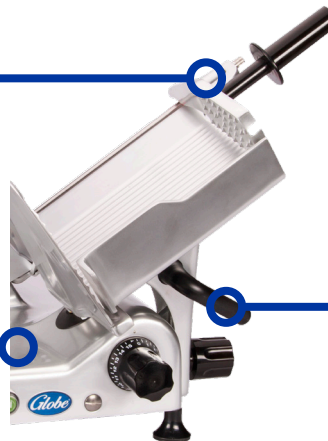

Accommodate larger products with the extended carriage and bottom meat grip tines

ANODIZED ALUMINUM

One-piece anodized aluminum base design with minimal seams for easy cleaning

TOP MOUNTED SHARPENER

All metal sharpener conveniently stores on sharpener & removes for easy cleaning

EASY OPERATION

EZ Glide™ ball-bearing carriage slides with ease during slicing for operator comfort

ENCLOSED BOTTOM

Enclosed bottom keeps debris and food particles away from the motor and controls

KNIFE COVER INTERLOCK

Knife will not power on unless knife cover is in place, offering operator protection

NO VOLT RELEASE

If power is interrupted, prevents knife from automatically restarting for operator protection

Globe G-Series Slicers are backed by a 2-year parts and labor warranty.
