Why Perfect Fry?

PFA

PFC

EASY TO USE

Perfect Fry fryers are automated. Just select the appropriate cooking cycle for your product, then press the button. There is no chance of over cooking or under cooking. Even non cooks or chefs will be able to cook food to perfection.

LARGE OUTPUT IN A SMALL SPACE

Although compact in size, the Perfect Fry fryer can produce a large quantity of food in a short period of time. With different sizes to choose from you can select the one that best meets your needs.

EASY TO MAINTAIN

No other fryer is easier to clean. Internal components are completely removable in less than a minute to allow cleaning in your sink or dishwasher.
