

Varimixer® BOWL LIFTS

Ergonomic | Efficient | Battery powered | Remote operated

EASYLIFT

Made for 60-150 quart capacity bowls, the VLIFT-E150 is the most basic of the Varimixer bowl lifts. Operators reduce back strain with simple bowl removal and transportation, and can empty the bowl at a comfortable working height.

MULTILIFT

The VLIFT-ML60 offers greater versatility with an adjustable platform, allowing for easy transport of bowls, ingredients and more. These bowl lifts are designed for 30-60 quart capacity bowls and up to 132 lb loads.

FLEX LIFT

The FlexLift is the beginning of Varimixer bowl rotation solutions.

Lift and rotate 30-80 quart capacity bowls and up to 176 lbs. with the VLIFT-FH.

MAXILIFT

Available for either 100 or 150 qt. bowls, the VLIFT-M100H and VLIFT-M150H offer the greatest capacity. Lift and rotate the largest batches, up to 309 lbs.
