

IMC FROSTAR FR60 GLASS FROSTER [TOP LOAD] - STAINLESS STEEL EXTERIOR - W 600 MM - 0.65 KW

MODEL: F49/400/SS

Frostar

The sleek Frostar FR60 chills glasses and liqueurs down to -17°C, enabling commercial bars to create high-quality drinks that look great and stay colder for longer, to boost profits. The FR60 also removes the need for ice, which dilutes drinks and impacts on taste. The compact, yet robustly built FR60 provides storage for up to 75 standard pint glasses, whilst its top-loading design with sliding cover gives bar staff easy access, so drinks can be served quickly. With a stylish stainless steel exterior, the FR60 is perfectly suited to any bar setting.

AIA FILE NUMBER:
