ITEM NUMBER:

The PUCH-16 Pizza Pick-Up Cabinets are built to streamline customer experience with unmatched efficiency. These cabinets offer flexible scalability by connecting add-on units to a master cabinet to meet growing demand. Each unit integrates seamlessly via Ethernet to generate QR codes for quick, contactless customer access, & can operate independently or connect with POS systems for smooth operations & valuable data. Built from 20-gauge stainless steel inside & out, with a sleek powder-coated black exterior, PUC cabinets combine rugged reliability with modern design. The PUCH-16 leads the system, featuring spacious cubby (7"H x 21"W x 21"D) ensures ample storage. Designed as a pass thru model, this features a front & rear touchscreen controls making loading &

PRODUCT OPTIONS AND ACCESSORIES

- International Voltages Available with CE/CB Schema Configuration as needed

PRODUCT FEATURES

- With CE certification, the PUC cabinet is well suited for international use, providing a dependable solution for global foodservice environments.
- Our model features the ability to load through the front or rear of the cabinet.
- Every PUC cabinet is constructed completely of 20 gauge stainless steel, inside out. The exterior is standard powdered coated black.
- This version comes standard heated, however you can easily change to ambient through the main controls.
- The model PUCH-16-PT is the main master cabinet, if you need more room make sure to take advantage of the add on cabinet options. Each cubby measures 7"H x 21"W x 21"D.
- This model comes standard in 120 Volt, 60 Hertz, Single Phase, 13.5 Amp, and with a NEMA 5-20P power cord. Please note international voltages available upon request.
- Each PUC has two network ports to connect via Ethernet to the network, and connect either the master to the add on or vice versa. WI-FI not recommended. Ethernet connection provides stable continuous access for our PUC.
- Our Pass Thru unit comes with front and rear touch screen controls.
- One Year Labor & Parts Warranty
