

OPTIMUM
by Bartender

PRODUCT FEATURES

- Manufactured with a 304 grade stainless steel top for superior corrosion resistance and hygiene, and a robust 430 grade stainless steel body for strength and durability in demanding bar environments.
- Standardised 800mm height and 505mm depth create a seamless, ergonomic workspace that enhances operator comfort, improves efficiency and delivers a consistent, professional bar appearance.
- Single bowl sink design supports efficient washing and rinsing during busy service periods.
- Valance conceals pipework for a cleaner and more professional appearance.
- Smooth stainless steel surfaces allow quick cleaning and support high hygiene standards.
- Designed to improve workflow by keeping washing facilities within easy reach of staff.
- Supplied without taps to allow project-specific tap selection and installation flexibility.
- Robust commercial construction is built to withstand continuous daily use.
- UK manufactured for consistent quality, precision fabrication and reliable performance.
- One Year Parts and Labour Warranty

Manufactured with a 304 grade stainless steel sink top and surround, and a 430 grade stainless steel body, it provides a dedicated area for washing and rinsing while maintaining high standards of hygiene and durability. To provide maximum flexibility, the sink is supplied without taps, allowing operators and designers to select tapware that best suits their project requirements and site specifications.
