ITEM NUMBER:

OPTIMUM By Bartender

UKThe Optimum by Bartender Corner Sink Unit is a practical and space-efficient washing station designed for busy commercial bars. Manufactured from durable 304 grade stainless steel, it provides a dedicated area for washing and rinsing while maintaining high standards of hygiene and efficiency. Its corner design maximises the use of available space, helping to create a streamlined and productive workspace. Designed to integrate seamlessly with the Optimum Underbar System, it forms part of a coordinated bar setup. Supplied without taps for maximum flexibility, the unit allows operators to select tapware to suit their requirements. Designed and manufactured in the UK for reliable day-to-day performance.

PRODUCT FEATURES

- Manufactured with a 304 grade stainless steel top for superior corrosion resistance and hygiene, and a robust 430 grade stainless steel body for strength and durability in demanding bar environments.
- Designed to maximise the use of corner spaces within busy commercial bars
- Standardised 600mm depth create a seamless, ergonomic workspace that enhances operator comfort, improves efficiency and delivers a consistent, professional bar appearance.
- Single bowl sink design supports efficient washing and rinsing during busy service periods.
- Smooth stainless steel surfaces allow quick cleaning and support high hygiene standards.
- Designed to improve workflow by keeping washing facilities within easy reach of staff.
- Supplied without taps to allow project-specific tap selection and installation flexibility.
- Robust commercial construction is built to withstand continuous daily use.
- UK manufactured for consistent quality, precision fabrication and reliable performance.
- Two Year Parts and Labour Warranty
