ITEM NUMBER:

OPTIMUM
By Bartender

UKThe Optimum Bartender Plain Bridge Top with Void for Bin – 600mm improves workflow and efficiency with an integrated waste void, allowing bartenders to dispose of waste directly into an undercounter bin without leaving their workstation. The solid bridge top provides a practical surface for drink preparation and service. Constructed with a hygienic 304 grade stainless steel worktop and durable 430 grade stainless steel body, it is built for demanding commercial environments. Its 800mm height and 505mm depth ensure seamless integration with other Optimum Bartender stations, creating a professional, ergonomic workspace. Supplied with a One Year Parts and Labour Warranty.

PRODUCT FEATURES

- Integrated waste void for a bin allows bartenders to dispose of waste directly from the work surface, reducing unnecessary movement and keeping service areas clean and efficient during busy periods.
- Manufactured with a 304 grade stainless steel top for superior corrosion resistance and hygiene, and a robust 430 grade stainless steel body for strength and durability in demanding bar environments.
- Standardised 800mm height and 505mm depth create a seamless, ergonomic workspace that enhances operator comfort, improves efficiency and delivers a consistent, professional bar appearance.
- Solid work surface provides a practical area for drink preparation and service tasks.
- Smooth, professional finish complements modern bars, pubs, restaurants and hotels.
- Two Year Parts and Labour Warranty
