ITEM NUMBER:

OPTIMUM By Bartender

UKThe Optimum+ Bartender Cocktail Station – Single Speed Rail – 1000mm is designed to maximise efficiency in busy commercial bars. Featuring an insulated ice well, integrated sink and front-mounted speed rail, it keeps everything needed for fast cocktail preparation within easy reach. Foil and foam insulation helps retain ice for longer, while the perforated drainer base and integrated dividers keep the workstation organised. Manufactured from durable stainless steel, this compact cocktail station is hygienic, easy to clean and built for demanding pubs, bars, hotels and restaurants, helping improve workflow, increase service speed and deliver a professional customer experience.

PRODUCT OPTIONS AND ACCESSORIES

- BT2PGPH 2 Pan Condiment Set
- BT3PGPH 3 Pan Condiment Set
- BT3020GCB Green Chopping Block

PRODUCT FEATURES

- The compact 1000mm design maximises bar efficiency while making the best use of valuable workspace.
- The dedicated cocktail preparation area creates an efficient workflow that reduces unnecessary movement behind the bar.
- A fully insulated ice well with foil and foam insulation keeps ice colder for longer, reducing replenishment during busy service.
- The perforated drainer base removes excess water to help keep ice fresh and minimise waste.
- Integrated dividers keep ice and bottled mixers neatly organised for faster drink preparation.
- A creased base with a 38mm waste outlet ensures efficient drainage and simplifies cleaning.
- The integrated sink allows bartenders to rinse equipment and maintain hygiene without leaving the workstation.
- A front-mounted single speed rail keeps frequently used spirits within easy reach, speeding up cocktail preparation.
- Supplied without taps to allow project-specific tap selection and installation flexibility.
- Standardised 900mm height and 600mm depth create a seamless, ergonomic workspace that enhances operator comfort, improves efficiency and delivers a consistent, professional bar appearance.
- Manufactured with a 304 grade stainless steel top for superior corrosion resistance and hygiene, and a robust 430 grade stainless steel body for strength and durability in demanding bar
