

OPTIMUM  
by Bartender

#### PRODUCT FEATURES

- Manufactured with a 304 grade stainless steel top for superior corrosion resistance and hygiene, and a robust 430 grade stainless steel body for strength and durability in demanding bar environments.
- Standardised 900mm height and 600mm depth create a seamless, ergonomic workspace that enhances operator comfort, improves efficiency and delivers a consistent, professional bar appearance.
- Single bowl sink design supports efficient washing and rinsing during busy service periods.
- Enclosed cupboard design conceals pipework for a cleaner and more professional appearance.
- Hinged stainless steel door provides easy access to under-sink storage and services.
- Smooth stainless steel surfaces allow quick cleaning and support high hygiene standards.
- Designed to improve workflow by keeping washing facilities within easy reach of staff.
- Supplied without taps to allow project-specific tap selection and installation flexibility.
- Robust commercial construction is built to withstand continuous daily use.
- UK manufactured for consistent quality, precision fabrication and reliable performance.
- One Year Parts and Labour Warranty

The Optimum by Bartender Single Sink Unit with Door – 400mm is a compact unit designed for busy commercial bars. The sink top and surround is manufactured from durable 304 grade stainless steel for excellent corrosion resistance and hygiene, while the body is constructed from 430 grade stainless steel, providing strength and durability. Supplied without taps, it allows operators to specify tapware to suit individual project requirements. Designed and manufactured in the UK, it delivers reliable performance and functionality for everyday bar operations.
