ITEM NUMBER:

OPTIMUM By Bartender

UKThe Optimum Bartender Till Station provides a dedicated point-of-sale area to keep commercial bars organised and operating efficiently. Designed for pubs, bars, hotels and restaurants, it creates a practical workspace for EPOS systems and payment terminals while integrating seamlessly with the Optimum Underbar System. A built-in cable management port keeps power and data cables neatly concealed for a tidy, professional appearance. Manufactured with a 304 grade stainless steel worktop and 430 grade stainless steel body, it offers durability, easy cleaning and excellent hygiene. Designed and manufactured in the UK, it helps improve workflow, speed up transactions and create a more efficient bar operation.

PRODUCT FEATURES

- Manufactured with a 304 grade stainless steel top for superior corrosion resistance and hygiene, and a robust 430 grade stainless steel body for strength and durability in demanding bar environments.
- Standardised 900mm height and 600mm depth create a seamless, ergonomic workspace that enhances operator comfort, improves efficiency and delivers a consistent, professional bar appearance.
- Dedicated till station provides an organised point-of-sale area to improve workflow and speed up customer transactions.
- Designed for EPOS systems and payment terminals creates a practical workspace that keeps essential equipment within easy reach.
- Built-in cable management port keeps power and data cables neatly concealed for a cleaner, safer and more professional bar environment.
- Seamless integration with the Optimum Underbar System creates a coordinated bar layout that enhances efficiency and maximises available workspace.
- Two Year Parts and Labour Warranty
