UKDesigned for locations where mains water supply is unavailable, the Mobile Hand Wash Station is an invaluable unit for organisations looking to increase hygiene and safety standards.

The station holds 10 litres of water per fill, enough for 85 hand washes. Easy to use, users simply fill the unit with water and plug it in. A foot-activated, infra-red operated tap dispenses water hygienically with no need for hand contact, with the temperature limited to 42°C for safety. An internal waste collection receptacle holds the dirty water.

The sturdy, stainless steel unit comes with an integrated splash back and a built-in soap holder and towel dispenser, all of which are easy to wipe clean. The station is mounted on large wheels for
