UKThe M90 provides easy storage of up to 117 (330ml) bottles. The polished stainless steel interior enhances display, whilst the stainless steel exterior cabinet blends perfectly into any bar setting.

Its electronic temperature controller, supported by an auto defrost function, provides precise monitoring, ensuring drinks are kept at perfect serving temperature. In addition, an energy-efficient forced air cooling system delivers rapid temperature pull down to keep pace with demand in the busiest of bars.

Constructed from robust stainless steel, the M90 has two double-glazed doors which are lockable as standard. Magnetic gaskets, which are easy to remove and replace, facilitate cleaning.
