- Push-button piezo igniter
- Designed for integration into Jade Range lineups and custom cooking suites

DESCRIPTION:

The Jade Range Titan™ Heavy Duty Gas Pasta Cookers are commercial pasta cooking appliances designed for restaurants, hotels, institutions, and other professional foodservice kitchens. Both series provide dedicated pasta cooking capacity, integrated water filling, adjustable basket positioning, and compatibility with Jade Range cooking lineups and custom equipment suites. Each model features a stainless steel 37,000 BTU gas burners to support rapid heating and recovery during continuous kitchen service. A fully welded 12-gauge 316L marine-grade stainless steel tank provides durability in a demanding, water-intensive cooking environment. An integrated faucet simplifies tank filling, while included pasta baskets and interchangeable trivets allow operators to position baskets at different heights according to production needs.

AVAILABLE OPTIONS

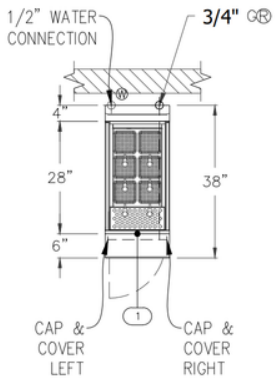

- ☐ Stainless steel side shelves
- ☐ Heavy duty casters
- ☐ Stainless steel back
