SILVERLINK 600

UKWhether you're cooking eggs, bacon, burgers or vegetables, the versatile Silverlink 600 Electric Griddle won't let you down. The griddle has a chrome surface which both heats up quicker, and transfers heat to food more efficiently than standard griddles, with less energy loss as well as reduced energy radiation, which keeps the kitchen cooler for staff and reduces pressure on the ventilation system. Perfect for cafes, pubs and restaurants, the griddle is thermostatically controlled to give accurate temperatures during the cooking process for consistent results.
