FLAME BROILER with BUN GRILL

Gas

The Broiler Built by Over 50 Years of Experience & Innovation

In 1969, Nieco® began developing custom solutions to the most common challenges in restaurant kitchens when we installed our first automatic flame broiler in Tomorrowland at Disneyland®. Nieco innovations include automatic broiling that cooks twice as fast, equipment that uses less energy, keeps your kitchen cooler, and reduces emissions, keeping your kitchen cleaner too.

We are proud to introduce the next generation of Nieco's automatic flame broilers for our customers.

FEATURES

- Nieco BroilVection® technology for faster cook times, faster service and signature char-broiled flavor
- Bun Grill for perfectly toasted buns and operates independently of the broiler, can run Bun Grill only for off peak needs
- Redesigned frame provides more space and easier cleaning and access to Bun Grill and Broiler
- Next-generation BroilVection® upper and lower burner system simplifies daily cleaning requirements. Clean lower burner weekly and upper system monthly.
- Improved heat-balance and grease-management system controls flaming
- IoT capable, programmable touch screen controls for easy operation, training and added flexibility

HEAT OPTIONS

- Natural Gas or LPG

ACCESSORIES

- Preventative Maintenance Kit
- Daily Time Savings Kit
- Spare Parts Kits: Critical, Motor & Blower, Touch Screen Controls, PTFE Kit

Put the *Most Value* at the Heart of Your Kitchen
